WEEK 17

CHICAGO (11-4) AT GREEN BAY (9-6)
Sunday, Jan. 2 • Lambeau Field • 3:15 p.m. CST

PACKERS HOST BEARS WITH PLAYOFF BERTH ON THE LINE

The NFL's oldest rivalry continues this Sunday as the Packers and Bears meet for game No. 181 in the all-time series with a post-season berth for Green Bay at stake.

- ▶ No two franchises in NFL annals have met more than Green Bay and Chicago. The Bears hold a 92-82-6 edge in the series, which includes one postseason matchup.
- ▶ This is the first time in the history of the series that Green Bay will host Chicago in the regular-season finale. The last time the teams met in a season finale was Dec. 31, 2006, at Soldier Field.
- ▶ It is also the first time in the history of the series that both teams are entering the matchup with nine or more wins.
- ▶ Green Bay will be back on its home field for the second straight week after playing four of its previous five contests on the road. The Packers have won 10 of their last 11 regular-season games and four straight at Lambeau Field, and their 10-1 mark over that span ranks No. 2 in the NFL behind only New England (10-0).
- ▶ Dating further back, the Packers have a 25-8 (.758) mark over their past 33 regular-season contests at home, No. 1 in the NFC over that span.
- ▶ The Packers have a 20-9 (.690) mark against NFC North opponents under Head Coach **Mike McCarthy**, which ranks first among NFC North teams over that period. Green Bay's divisional record since '06 is tied for fourth in the NFL.
- ▶ Green Bay posted a 4-2 record or better in the division in each of the first four seasons under McCarthy and enters this Sunday's game with a 3-2 mark in NFC North games this year.
- ▶ With a win Sunday against the Bears, the Packers could become only the second team in the NFL to register at least four wins in their division each of the past five seasons. New England (4-1 in 2010) is the only other team in the league to post four-plus wins in its division each year from 2006-10 with no other teams besides Green Bay in position to do so heading into Week 17.

WITH THE CALL

FOX Sports, now in its 17th season as an NFL network television partner, will broadcast the game to a regional audience.

- ▶ Play-by-play man **Joe Buck** and color analyst **Troy Aikman** will have the call from the broadcast booth with **Pam Oliver** reporting from the sidelines.
- ▶ Milwaukee's WTMJ (620 AM), airing Green Bay games since 1929, heads up the 53-station Packers Radio Network, with **Wayne Larrivee** (play-by-play) and two-time Packers Pro Bowler **Larry McCarren** (color) calling the action. The duo enters its 12th season of broadcasts together across the Packers Radio Network, which covers 43 markets in five states.
- ▶ Westwood One radio will air the game across the country. **Kevin Kugler** (play-by-play) and **Mark Malone** (analyst) will call the action, and **Scott Graham** hosts pregame and halftime shows.
- ▶ For out-of-town listeners, the broadcast is available on Sirius Satellite Radio (channel 91 WTMJ feed) as part of the network's NFL Sunday Drive.
- ▶ DIRECTV subscribers can watch the game in HD on channel 715.

ONE DOWN, ONE TO GO

In a game they needed to win to stay in playoff contention, the Packers responded with one of their finest all-around performances of the season in a convincing 45-17 victory over the N.Y. Giants at Lambeau Field.

- ▶ Now Green Bay turns its attention to the NFC North champion Bears this Sunday. The Packers can clinch a spot in the playoffs with a victory over Chicago, which would be Green Bay's third postseason appearance in the past four seasons under Head Coach **Mike McCarthy**.
- ▶ The Packers would still have a shot at the postseason with a loss, but would need the N.Y. Giants and Tampa Bay to each lose on Sunday. Green Bay would win a tiebreaker based on strength of victory.
- ▶ Chicago will have plenty to play for Sunday as well with a bye and potentially home-field advantage on the line. If the Bears win, they will be no worse than the No. 2 seed and have a first-round bye in the playoffs. The Bears will also get a bye if Philadelphia loses either of its last two games.
- ▶ If the Packers beat the Bears on Sunday, it could very well set up a matchup between the teams again the next weekend in Chicago. Green Bay and Chicago have met in the postseason just once before, a 33-14 Bears victory in a Western Division Playoff contest on Dec. 14, 1941, at Wrigley Field in Chicago.

PACKERS TEAM NOTES

DEFENSE KEEPING THEM OUT

Having finished No. 2 in the league's final overall rankings and No. 7 in points allowed in 2009, the Green Bay defense is enjoying an even more productive season when it comes to keeping opponents off the scoreboard.

- ▶ The Packers rank No. 2 in the league in scoring defense, allowing the opposition an average of just 15.8 points per game, an improvement over last season's mark of 18.6 per contest. Green Bay trails only Pittsburgh (14.9) in the category.
- ▶ Green Bay has allowed just 24 touchdowns, No. 2 in the league behind only the Steelers (21).
- ▶ The last time Green Bay led the league in scoring defense this late in a season was when it finished No. 1 in the league in that category at the end of the 1996 Super Bowl season (13.1 per game).
- ▶ In the last eight games, the Packers have given up 11.4 points per game. In Week 15 they allowed a season-high 31 points against a New England team that ranks No. 1 in the NFL in scoring offense at 32.0 per game, but 14 of those points came from an INT for a TD and long kickoff return that put New England at Green Bay's 4-yard line.
- ▶ Green Bay currently ranks No. 9 in the NFL in overall defense, allowing an average of 314.5 yards per game through Week 16, and No. 5 in the league in passing defense at 199.3 yards per game.
- ▶ After leading the NFL in run defense for the first time in 2009 by allowing a franchise-record 83.3 yards per game, the Packers haven't been as productive against the run thus far this season as they rank No. 19 in the league with 115.2 yards allowed per game.
- ▶ Green Bay has given up just six rushing TDs all year, which is tied for No. 4 in the NFL.
- ▶ In the win over Dallas in Week 9, the Packers limited the Cowboys to just 39 rushing yards on 14 carries (2.8 avg.). That was the fewest yards given up by a Green Bay defense since the Packers limited the Lions to 33 yards on the ground on Oct. 17, 2004, at Detroit.
- ▶ At the N.Y. Jets in Week 8, the defense registered the first road shutout by the Packers since 1991 against an offense that entered the game ranked No. 2 in the league in rushing offense at 159.2 yards per game.
- ▶ Facing LaDainian Tomlinson and Shonn Greene, the Packers limited the tandem to just 76 yards on 22 carries (3.5 avg.), their lowest combined effort of the season to that point.
- ▶ Until Vikings RB Adrian Peterson rushed for 131 yards in Week 7, Green Bay's defense hadn't allowed a running back to rush for 100 yards for 19 straight games. Peterson and Falcons RB Michael Turner (Week 12 this season) are the only backs to eclipse 100 yards since Week 3 of 2009.
- ▶ The 19-game streak was the second longest in team history since the 1970 NFL-AFL merger, trailing only a 24-game game stretch from Sept. 20, 1970-Nov. 22, 1971.
- ▶ In Sunday's 45-17 win over the Giants, Green Bay limited New York to just 90 yards on 21 carries (4.3 avg.), only the second time this season that the Giants had been held under 100 yards rushing.
- ▶ Under defensive coordinator **Dom Capers**, the Packers thrived in their new 3-4 scheme in 2009, finishing No. 1 against the run and No. 5 against the pass. The previous top ranking in franchise history in run defense came in 1972, when the team finished No. 2.
- ▶ Green Bay allowed an average of 284.4 total yards per game in '09, second behind the N.Y. Jets (252.3) and ahead of No. 3 Baltimore (300.5).
- ▶ Here is a look at some of Green Bay's defensive numbers since Capers took over as coordinator in 2009:

<u>Team</u>	<u>Rushing TDs Allowed</u>
1. Green Bay	11
2. Pittsburgh	12
3t. Baltimore, Minnesota	13

<u>Team</u>	<u>Opponent Passer Rating</u>
1. Green Bay	69.0
2. N.Y. Jets	70.0
3. New Orleans	73.9

<u>Team</u>	<u>Interceptions</u>
1. Green Bay	52
2. Philadelphia	48
3. New England	42

FIVE PACKERS SELECTED TO PRO BOWL

On Tuesday, T **Chad Clifton**, S **Nick Collins**, WR **Greg Jennings**, LB **Clay Matthews** and CB **Charles Woodson** were named Pro Bowl selections by the National Football League. Additionally, Collins, Matthews and Woodson were named starters for the NFC squad.

- ▶ The five Pro Bowl selections for the Packers are the most since they also had five in 2007, and the three defensive starters are the most for Green Bay since 1967.
- ▶ QB **Aaron Rodgers** and CB **Tramon Williams** were named first alternates.
- ▶ For Clifton, it marks the second Pro Bowl selection of his career (2007). The 11th-year pro has started all 15 games at left tackle as part of a Green Bay offense that ranks No. 8 overall and No. 5 in passing.
- ▶ It is the third straight and third career Pro Bowl selection for Collins as he becomes the first Green Bay safety since LeRoy Butler (1996-98) to earn Pro Bowl recognition in three consecutive seasons. Collins is tied for second on the team with three interceptions and is second with 14 passes defended.
- ▶ Jennings, a second-round draft choice of the Packers in 2006, earns his first career selection. He ranks No. 2 in the NFC and No. 5 in the NFL with 1,168 yards on 72 receptions (16.2 avg.), and his 12 TD catches match his career high. His 16.2-yard receiving average ranks No. 1 in the NFC among players with 60 catches.
- ▶ Matthews earns his second career selection as he becomes the first Packer since RB John Brockington (1971-72) to earn Pro Bowl recognition in each of his first two seasons in the league. Matthews is tied for third in the NFL with 12.5 sacks and has recorded a career-high 79 tackles, two forced fumbles, an interception for a touchdown, and four passes defended.
- ▶ Woodson has earned his seventh career Pro Bowl bid and third straight as a member of the Packers. He has registered career highs in tackles (97) and forced fumbles (five). The five forced fumbles are the most by a Packer defender since LB/DE Keith McKenzie posted five in 1999. The 13th-year pro also has two interceptions, one for a touchdown, a sack and 10 passes defended.
- ▶ Other alternates include WR **Donald Driver**, LB **A.J. Hawk**, NT **B.J. Raji** and G **Josh Sitton**.

STAT OF THE WEEK

- ▶ After seeing his streak of 45 straight starts come to an end at New England in Week 15 due to a concussion, QB **Aaron Rodgers** returned to the field on Sunday and recorded what he called his finest performance of the season.
- ▶ In the Packers' 45-17 win over the N.Y. Giants, Rodgers threw for a regular-season career-high 404 yards and matched his career best with four TD passes. He completed 25-of-37 passes with no INTs for a 139.9 passer rating.
- ▶ His 404 passing yards were the most by a Green Bay quarterback since Lynn Dickey posted 418 on Oct. 12, 1980, and it was the first 400-yard, four-TD, zero-INT performance in franchise history.
- ▶ It was also the 10th time in Rodgers' career that he threw for three-plus TDs and no interceptions. According to the Elias Sports Bureau, that is the **most in NFL history** by a quarterback within three seasons of his first start, topping the previous record of nine set by Kurt Warner (1999-2001).
- ▶ Rodgers' 400-yard, four-TD performance was only the third such game ever recorded against the Giants, and the first since Nov. 8, 1953, when Bobby Thomason of the Eagles threw for 437 yards and four TDs.
- ▶ Rodgers threw an 80-yard TD pass to WR Jordy Nelson in the win over the Giants on Sunday, Rodgers' second 80-yard TD of the season (86-yard TD to WR Greg Jennings vs. Miami in Week 6). He is the first Packers QB to throw 80-yard TD passes to two different players in a season since Bart Starr did so in 1966.
- ▶ Since becoming the starter in 2008, Rodgers has passed for 12,165 yards and joins Warner (12,612) and Peyton Manning (12,287) as the only quarterbacks in NFL history to pass for at least 12,000 yards in the first three seasons as a starting quarterback.

- ▶ Has led his team to the playoffs two of the past three years.
- ▶ One of only two coaches, along with New Orleans' Sean Payton, to have his offense ranked in the top 10 in total yardage each of the last four years (2006-09).
- ▶ Was named Packers head coach on Jan. 12, 2006, his first head coaching job after 13 years as an NFL assistant.

LOVIE SMITH...Is in seventh year as the Bears' 13th head coach.

- ▶ Came to Chicago from St. Louis, where he served as defensive coordinator from 2001-03, helping the Rams return to the Super Bowl in 2001. Prior to that, coached LBs for Tampa Bay from 1996-2000.

THE PACKERS-BEARS SERIES

- ▶ No two teams have met on the gridiron more than the Packers and Bears. Sunday they face off for the 181st time.
- ▶ The Packers swept the season series in '09 for the first time since 2003. That '03 sweep capped a seven-game win streak and an 18-2 stretch dating back to 1994. On only four occasions in NFL history has a team enjoyed a better 20-game stretch against a single foe.
- ▶ Chicago has swept the season series twice in the last five years (2005, '07), their only series sweeps since 1991.
- ▶ The Packers' 37-3 win on Nov. 16, 2008, marked the largest margin of victory in the series since Green Bay's 40-3 win on Dec. 11, 1994. Chicago's win in December of that year was just the second OT game in series history and first since Sept. 7, 1980, when Packers K Chester Marcol returned his own blocked FG for the winning score.
- ▶ The last time Green Bay led the overall series? On the heels of its three straight NFL championships, 1932, when the Packers led 11-10-5. Two months after Babe Ruth allegedly called his shot at Wrigley Field in the 1932 World Series, the Bears stole from Green Bay a fourth straight title (which at the time was determined by league standings). Chicago barely finished atop the league standings, which unlike today did not count ties. Had the league counted ties in standings, the Packers would have won. The next year, 1933, the NFL began determining its champion with postseason games.

NOTABLE CONNECTIONS

Green Bay RB coach Edgar Bennett finished his playing career in Chicago (1998-99)...Packers asst. O-line coach Jerry Fontenot was a third-round draft choice of the Bears in 1989 and was a mainstay at C in his eight seasons (1989-96) in Chicago...Lovie Smith was a Univ. of Wisconsin assistant in 1987, while Bears LB coach Bob Babich spent two seasons on the Badgers' staff (1988-89)...Packers DE Ryan Pickett played in St. Louis for both Smith and Bears off. coord. Mike Martz, when Smith served as the Rams' def. coord. and Martz as head coach, and was a teammate of Bears LB Pisa Tinoisamoa...Bears assistant DB/safeties coach Gill Byrd served as the Packers exec. dir./player prog. and comm. affairs from 1999-2001...Packers T/G Bryan Bulaga earned all-state honors as a senior at Marian Central Catholic High (Woodstock, Ill.)...Bears TE coach Mike DeBord was the head coach at Central Michigan when Packers DE Cullen Jenkins played there...Packers WR coach Jimmy Robinson was on the staff of Memphis (USFL) in 1985 when Bears RB coach Tim Spencer played for the Showboats...Packers President/CEO Mark Murphy was a teammate of Bears WR coach Darryl Drake with the Redskins in 1979... INDIVIDUALLY VS. BEARS

QB Aaron Rodgers is a combined 114-of-166 for 1,167 yards with six TDs and three INTs (93.1 rating) in five career games...WR Donald Driver's regular-season career-long catch was an 85-yard TD reception at Chicago (Champaign) on Oct. 7, 2002, on *Monday Night Football*. Driver needs just 14 yards receiving to put him over 1,000 against three teams (Minnesota and Detroit are the others)...WR Greg Jennings has five career TD catches vs. Chicago...S Nick Collins has five career INTs, including a two-INT game at Chicago on Dec. 31, 2006, that featured a 55-yard TD return...The first two-INT game of CB Charles Woodson's career came at Chicago on Oct. 5, 2003, while playing for Oakland. Woodson has had four games with two INTs since coming to Green Bay.

LAST MEETING, REGULAR SEASON

Sept. 27, 2010, at Soldier Field; Bears won, 20-17.

- ▶ Robbie Gould's 19-yard FG with 4 seconds left lifted Chicago to the *Monday Night Football* victory.
- ▶ The Packers committed a franchise-record 18 penalties for 152 yards, wiping out one of their own TDs as well as an INT, and giving the Bears 24 yards on their game-winning FG drive, which was set up by a fumble by Green Bay WR James Jones at the Packers' 46-yard line with 2:18 left.
- ▶ Packers QB Aaron Rodgers threw for 316 yards, with TE Jermichael Finley (115 yards) and WR Donald Driver (61 yards) catching nine passes apiece. Rodgers' 3-yard TD run midway through the fourth quarter had given the Packers a 17-14 lead.

LAST MEETING, IN GREEN BAY

Sept. 13, 2009, at Lambeau Field; Packers won, 21-15.

- ▶ Greg Jennings' 50-yard TD catch with 1:11 left gave the Packers the season-opening win. Jennings finished with six catches for 106 yards.
- ▶ The Packers intercepted Bears QB Jay Cutler, making his Chicago debut, four times. An INT by CB Tramon Williams was returned 67 yards to set up Green Bay's first TD. The last INT, by CB Al Harris, came in the final minute to seal the game.
- ▶ The Packers snuffed out a fake punt and kicked a FG for a 13-12 lead early in the fourth. The Bears re-gained the lead on a FG with 2:35 left, setting up Jennings' heroics.

PACKERS TEAM NOTES

TAKING HIS PLACE AMONG THE GAME'S BEST

With 35 passing attempts at Atlanta in Week 12, **Aaron Rodgers** surpassed the 1,500-attempt plateau for his career, the benchmark to qualify for career passer rating in the NFL.

- ▶ Rodgers has completed 1,019-of-1,583 passes (64.4 percent) in his career for 12,494 yards and 86 touchdowns with 31 interceptions for a 98.6 passer rating.
- ▶ That rating ranks **No. 1 in NFL history**, ahead of San Diego QB Philip Rivers, who has a 97.5 career rating.
- ▶ Four of the top five rated passers in NFL history are active quarterbacks, with Steve Young (96.8), Tony Romo (95.5) and Tom Brady (95.0) rounding out the top five.
- ▶ Rodgers also ranks No. 1 in NFL history (min. 1,500 attempts) in interception percentage at 2.0, ahead of Neil O'Donnell (2.1) and Donovan McNabb (2.2).
- ▶ Rodgers threw four TD passes at Minnesota in Week 11, his regular-season career high. His passer rating of 141.3 (22-of-31, 301 yards), was the second-best single game mark in his career behind only his 155.4 rating at Cleveland on Oct. 25, 2009.
- ▶ Rodgers joins Eagles QB Michael Vick (at Washington, Nov. 15) and Patriots QB Tom Brady (at Detroit, Nov. 25, vs. N.Y. Jets, Dec. 6) as the only QBs to post a 140-plus passer rating, 300 yards passing and four passing TDs in a game this season.
- ▶ He matched that career-best TD total with four against the Giants this past Sunday, and his 404 yards passing were a regular-season career best. It was the 10th game in which he had three-or-more TD passes and no INTs, the most by an NFL quarterback within three seasons of his first NFL start. It topped Kurt Warner's mark of nine from 1999-2001.
- ▶ Last season, Rodgers threw for 4,434 yards as he became the first QB in NFL history to throw for more than 4,000 yards in each of his first two seasons as a starter. Despite missing a full game at New England and the second half at Detroit.
- ▶ Rodgers still has a shot to hit the 4,000-yard mark for the season, but he will need 307 yards against the Bears this Sunday.
- ▶ In 2009, Rodgers joined Young (San Francisco, 1998) as the only quarterbacks in NFL history to throw for 4,000 yards and 30 TDs and rush for 300 yards and five TDs in the same season.
- ▶ In 46 career starts, Rodgers has eclipsed the century mark in passer rating 25 times and recorded 14 games of 300-plus yards. He posted his 20th career 100-plus passer rating game in just his 36th career start, which ranks third among NFL QBs since 1970 behind only Warner (33) and Romo (34).
- ▶ Rodgers threw 70 TD passes in his first 40 career starts, a Packers franchise record.
- ▶ Here is a look at where Rodgers ranks among NFL quarterbacks since he took over as the starter in 2008:

<u>Player</u>	<u>Passing Yards</u>
1. Drew Brees, NO	13,881
2. Peyton Manning, IND	12,938
3. Philip Rivers, SD	12,660
4. Aaron Rodgers, GB	12,165

<u>Player</u>	<u>Passing TDs</u>
1. Drew Brees, NO	100
2. Philip Rivers, SD	92
3. Peyton Manning, IND	91
4. Aaron Rodgers, GB	85

<u>Player</u>	<u>Passer Rating</u>
1. Philip Rivers, SD	104.6
2. Michael Vick, PHI	103.2
3. Tom Brady, NE	102.2
4. Aaron Rodgers, GB	99.5

<u>Player</u>	<u>25-yard passes</u>
1. Aaron Rodgers, GB	107
2. Drew Brees, NO	104
3. Philip Rivers, SD	99

NOT IN A GIVING MOOD

Last season the Packers set a franchise mark with a league-low 16 giveaways, and while this year's team has 20, it also accomplished something that even the record-setting one in 2009 could not.

- ▶ In the five games from Oct. 31-Dec. 5, Green Bay turned the ball over just one time. That came at Atlanta in Week 12 when QB **Aaron Rodgers** fumbled at the goal line in the second quarter.
- ▶ According to the Elias Sports Bureau, it was the **first time in franchise history** that the Packers turned the ball over just one time over a five-game span in a season.
- ▶ In the Week 13 win over San Francisco, Rodgers did not throw an interception for the fifth straight game, his career high. The last Packers QB to not be picked off in five straight starts in a season was Bart Starr in 1966.
- ▶ Rodgers was intercepted in Week 14 at Detroit when a deep pass down the middle went off WR **Greg Jennings'** hands and into S Amari Spivey's. That snapped a streak of 181 attempts without an interception for Rodgers, good for No. 2 in franchise history. It put him behind only Bart Starr (294 in 1964-65) for the franchise record. Starr's mark ranks No. 3 in NFL history.
- ▶ The performance against the 49ers was the Packers' fifth zero-turnover game this season, and Green Bay is 5-0 in those contests.
- ▶ If the Packers don't commit a turnover, they're almost guaranteed to win. They have now won 44 of 48 games (.917) playing turnover-free football since a loss at Dallas, Nov. 18, 1996. Green Bay's only losses in such games during that stretch came three times against Minnesota, twice in Minneapolis (2005, '08) and once at home (2009), and in Week 15 last year at Pittsburgh.
- ▶ Green Bay is 20-3 (.870) under Head Coach **Mike McCarthy** when it doesn't commit a turnover.
- ▶ Including playoffs, the Packers have won 46 of their last 50 games when they don't turn the ball over.

POINT PRODUCTION

After outscoring their opponents a combined 211-91 over the past six games, the Packers find themselves near the top of the NFL's scoring differential column.

- ▶ The Packers have outscored their opponents 378-237 this season, and that 141-point differential ranks No. 1 in the NFC and No. 2 in the NFL behind only New England (174).
- ▶ Among teams with eight or more wins, Green Bay ranks No. 2 in the NFL with an average margin of victory of 17.89, trailing only San Diego (21.38).
- ▶ On the flip side, the Packers' average margin of defeat in their six losses is the lowest in the league at 3.33. Green Bay's six defeats this season have been by a combined 20 points.
- ▶ Last season, the Packers ranked No. 3 in the league with an average margin of victory of 18.27, their highest mark since a 21.31 mark in their Super Bowl season of 1996.
- ▶ The Packers have spent an average of 36:42 per game in the lead compared to an average of 9:16 per game trailing their opponents.
- ▶ In 2009, Green Bay ranked No. 2 in the league in scoring differential, with a 164-point advantage over its opponents (461-297). That was second in the league to only the Super Bowl champion New Orleans Saints' 169-point differential (510-341).
- ▶ The Packers have been productive in the first half this season. They have outscored their opponents 194-122, and that 72-point margin in the opening half is tied for No. 3 in the league.
- ▶ Green Bay has been even more prolific opening the second half as it has outscored its opponents 107-36 in the third quarter. That differential of 71 points ranks No. 2 in the NFL behind only San Diego (73).
- ▶ The Packers are No. 2 in the NFL in scoring defense at 15.9 points per game and rank No. 8 in scoring offense with an average of 25.2 points per game.
- ▶ Green Bay is one of four teams in the league ranked in the top 10 in both scoring offense and defense, joining San Diego, Atlanta and New Orleans.
- ▶ The Packers' 45-point outing on Sunday against the Giants was their second 45-point game of the season (Week 9 vs. Dallas). The last time a Green Bay team posted two 45-plus point games in a season was 1983.

PACKERS TEAM NOTES

FEWER FLAGS ON THE FIELD

One area of emphasis for the Packers this season was reducing the number of penalties, and that focus has paid dividends.

- ▶ Through Week 16, Green Bay is tied for No. 4 in the league with 74 accepted penalties (4.9 per game), a pace that would make for a dramatic improvement from 2009. The Packers check in at No. 3 in penalty yardage with 587, an average of 39.1 yards per game.
- ▶ If the Packers have five or fewer penalties against the Bears on Sunday, it would be their lowest total since the NFL went to a 16-game schedule in 1978. The previous season low was 80 penalties in 1983 and 2001.
- ▶ The Packers were the most-penalized team in the NFL last season with 118 (7.4 per game) while ranking second in penalty yardage with 1,057 (66.1 per game), the third straight year that they finished among the top five most-penalized teams.
- ▶ With just three penalties for 31 yards this past Sunday against the Giants, it was the ninth time this season that Green Bay had been called for three or fewer penalties in a game, the best single-season mark since nine contests in 1967.
- ▶ Green Bay's eight penalties over a four-game span earlier this season (Oct. 24-Nov. 21) were the fewest by the Packers since they had eight from Nov. 19-Dec. 9, 1967.
- ▶ The performance at Minnesota in Week 11 was especially notable. The one penalty at the Metrodome was the fewest by Green Bay in 28 games at the stadium, and the last time a team posted just one penalty at Minnesota was San Diego on Nov. 28, 1999. The last time the Packers were only penalized once in a game came at Chicago on Dec. 23, 2007.
- ▶ The nine games this season tops the number of combined games with three or fewer penalties in the first four seasons under Head Coach **Mike McCarthy**, and Green Bay didn't do it once last season. The Packers are 7-2 (.778) this season when they are penalized three or fewer times in a game.
- ▶ Green Bay recorded two games with three or fewer penalties in 2008, two in '07 to end the regular season, and three in '06.
- ▶ In Week 13 against San Francisco, the Packers didn't commit a defensive penalty for the first time in a game this season, and the defense wasn't flagged again in Week 15 at New England.
- ▶ Green Bay's offense has an even more impressive penalty-free streak heading into this Sunday's game. The offense wasn't flagged in the win over the Giants on Sunday, the second straight game with no penalties. The last penalty against the offense came in Week 14 at Detroit in the second quarter, a streak of 10 straight quarters without one.
- ▶ Since the Packers were flagged a franchise-record 18 times for 152 yards in a 20-17 loss at Chicago in Week 3, they've committed just 48 penalties for 371 yards over their last 12 games, an average of 4.0 penalties for 30.9 yards per game.
- ▶ The Packers got off to a good start this season with just two penalties at Philadelphia in Week 1, the fewest by Green Bay in an opening-day contest since Sept. 7, 1986, vs. Houston at Lambeau Field, when they were also called for two penalties.

MAKING THEM PAY WITH TAKEAWAYS

After tying for the league lead in points off of takeaways in 2009, the Packers have been productive in that area again this season and are coming off one of their finest outings in recent memory.

- ▶ Green Bay recorded six takeaways (four interceptions, two fumble recoveries) in Sunday's 45-17 win over the Giants, the most by the Packers since they posted the same number at Chicago on Dec. 31, 2006.
- ▶ The Packers took advantage of the turnovers as well, racking up a season-high 24 points off them on Sunday. They had not scored a point off of a turnover in the previous four games, a streak that saw them go 1-3.
- ▶ Green Bay has moved up in the league rankings, checking in at No. 2 in the NFL with 111 points off of takeaways this season as the Packers trail only New England (133).
- ▶ The Packers have been especially productive at Lambeau Field, having scored points off a turnover in 16 of their last 17 home games.
- ▶ The Packers are tied for No. 5 in the NFL with a plus-10 turnover ratio.
- ▶ Of the Packers' 30 takeaways this season, 15 of them have been con-

verted into touchdowns. That 50.0 TD percentage ranks tied for No. 1 in the NFL with Dallas (13-26), and Green Bay's 15 TDs off of takeaways rank No. 2 in the NFL behind the Patriots (17).

- ▶ Green Bay has averaged 3.70 points off of turnovers this season, good for No. 5 in the league.
- ▶ The Packers are No. 3 in the league with 22 interceptions and are tied for No. 2 in INTs for TDs (three).
- ▶ With LB **Clay Matthews'** INT for a TD in Week 9 vs. Dallas, the Packers have now posted at least three INTs for TDs in each of the last three seasons. That is the first time in franchise history that Green Bay has accomplished that feat. The Packers have posted at least three INTs for TDs in four of five seasons under Head Coach **Mike McCarthy**.
- ▶ The Packers have had 11 different players post an interception this season, the most by a Green Bay team since 11 in 2002.
- ▶ Green Bay posted 30 INTs and 10 fumble recoveries in 2009, which it turned into 141 points. The 40 takeaways led the NFL, and the 141 points scored off those takeaways tied New Orleans for most in the NFL.
- ▶ The 30 interceptions led the league and was the team's highest single-season total since 1981, when it also had 30.
- ▶ Last season Green Bay surpassed its 2008 total of 124 points off takeaways, which led the NFL. It also eclipsed its '08 total in interceptions (22) and fumble recoveries (six) while at the same time protecting the ball at a better clip. Green Bay's 16 giveaways was the lowest total in the NFL in 2009.
- ▶ During McCarthy's tenure, the Packers have a 36-6 (.857) record when they come out ahead in the game in turnover ratio, and a 6-20 (.231) record when they lose the takeaway battle. Under McCarthy, Green Bay is 20-3 (.870) when its turnover margin is plus-2 or better.
- ▶ The Packers rank No. 3 in the NFL with a plus-45 turnover ratio since 2006 behind only New England (plus-48).

COMING ON DOWN THE STRETCH

Punting indoors at Detroit in Week 14 for the third and final time this season, P **Tim Masthay** made the most of the opportunity.

- ▶ According to the Elias Sports Bureau, Masthay became the **first punter in franchise history** to post a 50-yard average in a game with eight or more attempts.
- ▶ Masthay recorded a 50.3-yard gross average on his eight punts against the Lions, as well as a season-high net average of 43.4 (min. three attempts).
- ▶ He posted four punts of 50-plus yards on the afternoon, including a career-long 62-yard kick in the first quarter.
- ▶ Masthay became the first Packers punter to register four 50-yard punts in the same game since Jon Ryan did so on Nov. 12, 2006, at the Metrodome against the Vikings.
- ▶ He has placed 21 punts inside the 20 this season, the most by a Packers punter since Josh Bidwell recorded 26 punts inside the 20 in 2002.
- ▶ Masthay has been especially productive over his past eight games, ranking No. 2 in the NFL in net average (40.6), No. 8 in gross average (44.4), and tied for No. 7 in punts inside the 20 (16) over that span.
- ▶ Masthay earned NFC Special Teams Player of the Week honors for his performance at the N.Y. Jets in Week 8 as he became just the second punter in franchise history to win the honor (Craig Hentrich, Week 11, 1994).
- ▶ With five punts dropped inside the 20 against the Jets, Masthay tied a single-game franchise record (stat kept since 1976), tying David Beverly, who accomplished the feat on Oct. 8, 1978, against Chicago. He registered a 41.5-yard net average on eight punts.
- ▶ In the two Lambeau Field games this month, Masthay has recorded a 36.8-yard net average and a 42.3 gross.
- ▶ With one game left on the schedule, Masthay is in position to post the best net average by a Packers punter since 1976. He enters the Chicago contest with a 37.8 net average, ahead of the best mark (Jon Ryan, 37.6, 2007) over that span.
- ▶ Masthay and the coverage unit will be put to the test this Sunday by Bears WR Devin Hester, who leads the NFL with a 17.1-yard return average this season, including three TDs. Hester's 17.1-yard average is on pace for the second-best mark since the 1970 AFL-NFL merger behind only Cincinnati DB Lemar Parrish (18.8 avg. in 1974).

PACKERS TEAM NOTES

STINGY AGAINST THE PASS

Green Bay's pass defense this season has been more productive than at any other point in Head Coach **Mike McCarthy's** tenure.

- ▶ Through Week 16, the Packers rank No. 5 in the league in pass defense, allowing their opponents just 199.3 yards per game through the air. That is on pace for the best mark under McCarthy, ahead of the 201.1 passing yards per game allowed in 2009.
- ▶ Since Washington QB Donovan McNabb passed for 357 yards against Green Bay in Week 5, the Packers have allowed opposing QBs to pass for just 192.8 yards per contest, No. 2 in the NFL over that span behind only San Diego (185.5).
- ▶ The defense has limited opposing signal-callers to a passer rating of just 69.1 this season, which ranks No. 1 in the NFL. That rating is a shade above what the defense allowed in 2009 when it finished No. 4 in the league rankings in that category with a 68.8 rating by opposing QBs.
- ▶ The Packers have recorded 22 interceptions, which is No. 3 in the league, and opposing quarterbacks have completed 56.4 percent of their passes (No. 4).
- ▶ Green Bay has given up only 16 TD passes this season, which ranks tied for No. 4 in the NFL, after allowing 29 TDs through the air in 2009.
- ▶ In Week 15 at New England, the defense limited Patriots QB Tom Brady to just 163 yards through the air on 15-of-24 passing. Entering the game, Brady had eclipsed the 300-yard mark in four of the previous five games, averaging 314.4 yards per contest over that span.
- ▶ Bears QB Jay Cutler comes into Sunday's game with a 90.6 passer rating on the season, which would be a career high, and he has had an especially productive stretch of late.
- ▶ Over the past five games, Cutler has completed 74-of-122 passes (60.7 percent) for 1,062 yards, 11 TDs and just three INTs. His 104.6 passer rating over that span ranks No. 4 in the league, and he has posted a 100-plus passer rating in four of those contests. Cutler posted an 84.2 rating in his first nine games this season (missed one due to injury). He has a 21-0 career record when his passer rating is 100-plus.

PRODUCTION APLENTY INSIDE THE 20

Green Bay has had one of the more efficient red-zone offenses in the league over the past two seasons, finishing in the top 10 in the NFL in 2008 and 2009, and with one game remaining the Packers are in position to finish in the top 10 once again in the category.

- ▶ Through Week 16, the Packers have scored touchdowns on 31 of 51 trips inside the opponent's 20. That 60.8 percent touchdown rate is tied for No. 7 in the NFL, and the 31 TDs rank tied for No. 4.
- ▶ Green Bay's 250 points in the red zone this season (31 touchdowns, 11 field goals) rank tied for No. 7 in the league, and its average of 4.90 points per red-zone trip ranks No. 9 in the NFL.
- ▶ The Packers posted their finest performance of the season on Sunday against the Giants, scoring on 5-of-6 (83.3 percent) red-zone chances. That percentage was the best this season (min. three opportunities).
- ▶ The Packers' production has come in fewer opportunities than 2009, as they rank tied for No. 8 in the league with the 51 red-zone possessions. That is behind their pace from last season, when Green Bay finished No. 6 in the league with 62 red-zone drives.
- ▶ The highest red-zone conversion mark under Head Coach **Mike McCarthy** came in 2008, when the Packers ranked No. 6 in the NFL with a 60.4 percent touchdown rate. The last time Green Bay finished in the top five in the category came in 2003, when the Packers finished No. 2 in the NFL with a 65.4 conversion rate.
- ▶ Some of Green Bay's success in the red zone has to be attributed to the play of QB **Aaron Rodgers**, who has been one of the more efficient signal-callers in the league inside the 20 since taking over as the starter in 2008.
- ▶ In Week 7 against Minnesota, Rodgers threw a red-zone interception for the only time in his 46 career starts to date. Since 2008, he has registered a 107.3 rating on 131-of-212 passing (61.8 percent) for 817 yards and 54 touchdowns with one interception in the red zone.
- ▶ According to STATS, Rodgers has connected on 46-of-70 passes (65.7 percent) for 279 yards and 18 TDs with one INT in the red zone in 2010 for a 107.1 passer rating (No. 3 in the NFL, min. 30 attempts).

CONTROLLING THE CLOCK

The Packers led the NFL in 2009 in time of possession, and the team is coming off two of its finest efforts of the season in that area.

- ▶ Facing a Giants team on Sunday that ranked No. 1 in the league in the category at 33:14, the Packers dominated the time of possession at 37:01, the second time in the past three games that Green Bay controlled the clock for 37-plus minutes. New York had won the time-of-possession battle in 11 of its first 14 games, and the 22:59 mark by the Giants on Sunday was a season low.
- ▶ In the Packers' Week 15 loss at New England, they controlled the clock for 40:48, their best mark since a 41:39 effort vs. San Francisco last season in Week 11.
- ▶ It was also the most time of possession any opponent has registered against New England since the Steelers held the ball for 42:58 at Pittsburgh on Oct. 31, 2004.
- ▶ The Packers currently rank No. 7 in the NFL with a time-of-possession average of 31:45. All six teams that rank ahead of Green Bay in the category have records above .500 this season.
- ▶ The Packers' league-leading average of 33:03 last season was the team's best mark since 1977, the year the Elias Sports Bureau began keeping the statistic.
- ▶ Green Bay leads the NFL this season with 29 drives of five-plus minutes, an improvement over last season's mark of 22 (tied for No. 14).
- ▶ The Packers also check in tied for No. 5 with 30 10-play drives, a jump up from 2009 when they finished No. 22 in the NFL with 23 drives of 10-plus plays.

KEEPING THE CHAINS MOVING

Green Bay's offense hasn't enjoyed quite the same level of success as it did last season on third down when it finished No. 3 at 47.0 percent, but the unit has significantly improved its play in that area of late.

- ▶ Entering the Week 9 contest vs. Dallas ranked No. 26 in the league with a 35.1 conversion rate on third down this season, the offense was successful on 10-of-15 third-down opportunities against the Cowboys, including 7-of-8 in the first half.
- ▶ That percentage of 66.7 was the best single-game performance by a Green Bay offense since the Packers were successful on 71.4 percent of their third-down opportunities (10-of-14) vs. Cleveland on Sept. 18, 2005.
- ▶ The Packers followed that up with an 8-of-15 outing (53.3 percent) on third down in Week 11 at Minnesota, the first time this season Green Bay topped the 50-percent conversion mark in two straight games.
- ▶ After a 4-of-12 performance in the Week 12 loss at Atlanta, the Packers bounced back with a 9-of-15 outing (60.0 percent) in the win over San Francisco the following Sunday.
- ▶ Over the past seven games, the Packers have converted at a 50-percent clip (50-of-100) on third down.
- ▶ Green Bay has moved up 19 spots in the league rankings since Week 9, currently checking in at No. 7 with a 42.8 conversion rate.
- ▶ On Sunday, the Packers converted 6-of-13 third downs (46.2 percent) against a N.Y. Giants team that entered the contest ranked No. 1 in the league in third-down defense (31.1).

OUT OF THE BREAK

The opening drive of either half can help set the tone, and the Packers have been productive on both sides of the ball coming out of halftime.

- ▶ The Packers rank No. 7 in the NFL with 37 points on their first possession of the second half, which tops their mark of 20 points on opening second-half drives last season (No. 20).
- ▶ The high mark under **Mike McCarthy** came in 2007, when Green Bay tied for No. 3 in the league with 50 points on opening second-half drives.
- ▶ The Packers did not score a touchdown on the first drive of the second half all of 2008, part of a 34-game span without a TD on the first possession after halftime that started late in 2007 and ran all the way until Week 16 vs. Seattle last season.
- ▶ Green Bay's defense has done its part as well to start the second half, allowing just six points in 15 games this season. That ranks No. 1 in the NFL.
- ▶ The defense has also posted five takeaways (three INTs, two fumbles) on the opening drive of the second half, which is tied for No. 2 in the NFL behind only Atlanta (six).
- ▶ Last year the Packers gave up 31 points on opening second-half drives, which ranked No. 18 in the NFL.

PACKERS TEAM NOTES

CLAY FINDS A WAY

Despite sitting out Green Bay's Week 6 matchup vs. Miami due to a hamstring injury, the first time he missed a game in his career, LB **Clay Matthews** is tied for No. 2 in the NFC and tied for No. 3 in the NFL with 12.5 sacks this season.

- ▶ Matthews was named to the Midseason All-Pro Teams of *Pro Football Weekly* and *Sports Illustrated*, and was selected by the *Dallas Morning News* as the Midseason Defensive Player of the Year in the NFL.
- ▶ With a sack of QB Jon Kitna in the second quarter in Week 9 against Dallas, Matthews became the first Packer since the stat became official in 1982 to register a double-digit sack total in each of his first two seasons in the NFL.
- ▶ Matthews also posted his first career interception in Week 9, and returned the pick 62 yards for a TD on his way to earning NFC Defensive Player of the Week honors for the third time in his career. It was the second TD of his career, and both of his scores have come in prime-time games. Matthews returned a fumble 42 yards for a TD last season in Week 4 at Minnesota on *Monday Night Football*.
- ▶ According to the Elias Sports Bureau, Matthews is the **first NFL player** since sacks became an official statistic in 1982 to register double-digit sacks and a defensive TD in each of his first two seasons in the NFL.
- ▶ With three sacks against the Buffalo Bills in Week 2, Matthews became the first Packer to post three sacks in back-to-back games since it became an official league statistic in 1982.
- ▶ The performance vs. Buffalo came a week after Matthews registered a career-high three sacks in the Packers' 27-20 season-opening victory at Philadelphia.
- ▶ Matthews was named NFC Defensive Player of the Week for Week 2, and he also won the award last season for his two-sack outing vs. Baltimore in Week 13 on *MNF*.
- ▶ Matthews' six sacks in the first two games of the season were the most ever by a Packer to start a year.
- ▶ His 33 sack yards vs. Buffalo were the most by a Packer since DE Reggie White's 35 on two sacks vs. Minnesota on Oct. 22, 1995. Matthews ranks No. 3 in the league with 87.5 sack yards on the season. DE Aaron Kampman (108 in 2006) holds the single-season franchise record for sack yardage.
- ▶ Matthews' six sacks over a two-game span rank second in team history behind only Bryce Paup, who recorded 6.5 sacks in Weeks 3-4 in 1991. Paup posted 4.5 sacks vs. Tampa Bay on Sept. 15, and then followed that up with two more the next week at Miami on Sept. 22.
- ▶ Matthews has two forced fumbles this season, including a strip of RB Brandon Jacobs that halted a Giants' drive with New York trailing 31-17 in the third quarter last Sunday.
- ▶ In 28 career games played, Matthews has posted two or more sacks in a game five times. All five of those two-sack games came in Matthews' first 18 games in a Packers uniform, breaking White's franchise mark of four in his first 18 games with Green Bay (1993-94).
- ▶ Matthews' 22.5 sacks since 2009 rank tied for No. 3 in the NFL.
- ▶ Matthews' 17 sacks in his first 20 games were the most ever by any NFL player to start a career. It topped the previous mark of 16.5 set by San Diego's Leslie O'Neal (1986, 1988) and the N.Y. Jets' John Abraham (2000-01).
- ▶ In 2009, Matthews set a Packers rookie record with 10 sacks on his way to earning Pro Bowl honors, the first Green Bay rookie to be named to the all-star game since Hall of Fame WR James Lofton in 1978.

UNDER PRESSURE

After recording six sacks in Week 1 at Philadelphia, the most by any NFL team on opening weekend, the Packers have followed that debut up with 35 more sacks.

- ▶ Green Bay's 41 sacks as a team through Week 16 rank tied for No. 5 in the NFL, and the Packers rank No. 4 in sack yardage with 282. The team has had 13 different players record a sack this season.
- ▶ The only time Green Bay was shut out in the sack column this season was in Week 6 against Miami, a game LB **Clay Matthews** missed due

to injury. The Packers have failed to register a sack only two times in the past 21 regular-season games.

- ▶ The Packers' 21 sacks in the first five games this year were the most in a five-game span in Head Coach **Mike McCarthy's** five seasons.
- ▶ Green Bay recorded four sacks vs. San Francisco in Week 13, the Packers' fifth game with four-plus sacks. That is the most by a Green Bay team since the 2006 team posted six four-sack games.
- ▶ Of the team's 41 sacks, 12.5 have come courtesy of Matthews, who is tied for No. 3 in the NFL in that category. DE **Cullen Jenkins** ranks second on the team with a career-high seven sacks, despite missing four contests with a calf injury, and NT **B.J. Raji** checks in third with a career-high 6.5.
- ▶ The Packers' sack total through Week 16 eclipses their final tally in 2009, when they ranked No. 11 in the league with 37 on the season. It is the best since 2006, when Green Bay recorded 46 sacks.
- ▶ The Packers' best league ranking in sacks was No. 3, a spot they held on three occasions (1965, 1966, 2001).

FIGHTING THROUGH ADVERSITY

Every team in the league has to battle injuries at some point, but the Packers had to deal with a season's worth of significant ones in just the first half of the season.

- ▶ From the season-opening depth chart, the Packers have lost six starters for the remainder of the season due to injuries, three on each side of the ball.
- ▶ RB **Ryan Grant**, coming off back-to-back 1,200-yard seasons, sustained a season-ending ankle injury in Week 1 at Philadelphia. TE **Jermichael Finley**, whose 301 yards receiving in the first four games was the best start ever to a season by a Green Bay tight end, was lost for the year after suffering a knee injury on the second play from scrimmage at Washington in Week 5.
- ▶ T **Mark Tauscher**, who sustained a shoulder injury in Week 4 vs. Detroit, was placed on injured reserve on Nov. 12.
- ▶ Rookie S **Morgan Burnett**, who became only the second Packers rookie safety to start a season opener since 1988, sustained a season-ending knee injury against Detroit in Week 4. In the same game, LB **Nick Barnett**, the No. 2 tackler in franchise history, suffered a wrist injury that brought an end to his season. LB **Brad Jones** saw his season come to an end after sustaining a shoulder injury in Week 7 vs. Minnesota.
- ▶ The Packers currently have 14 players on injured reserve, and eight of those players started at least one game this season.
- ▶ Here is a look at the starters and key reserves that have missed games due to injury and/or have been placed on injured reserve this season:

MIKE McCARTHY TRANSCRIPT

EXCERPTS FROM THE COACH – MONDAY, DEC. 27

► (Any update on Cullen Jenkins?)

Cullen Jenkins, just meeting with the medical staff, we really don't have a pulse on his situation. I was hopeful that he would be back this week. We're probably going to need the rest of the week to make a determination on his status, so I'm not sure. They couldn't give me any specifics.

► (Do you like the team's mindset right now?)

I like the mindset of our football team. I think this is clearly the most resilient team I've coached in my time here. Just the number of challenges that you face over the course of a season, and last week was no different. Had a big opponent that came in here, played at a high level, feel very good about it. But we have a seven-day process that starts today. A lot of confidence, a lot of guys in the weight room, a lot of people here watching film already, getting ready for the Chicago Bears. I like the heartbeat, I like the pulse. They're a fun group to coach, and we have a big one this week as everybody knows.

► (What did you think of Clifton's performance?)

I thought Chad played very well. I thought our offensive line played very well as a whole. I thought Chad played one of his better games. He's been getting a lot of bull rush of late, and something that we worked exclusively all week. Chad has played a lot of football for us, and when you're a prime-time left tackle like he is, you have to step up to those challenges, and he has another one this week vs. Chicago.

► (How did you like Bulaga on the other side?)

I thought Bryan, he played solid. He did a couple things that he'll learn from. He had a couple minuses. But Bryan is just going to continue to improve. He's tough, he battles. He's playing better in the run game. He probably played in my opinion against their best defensive player. That's definitely an experience that he can learn from and move forward. But we felt his performance was solid.

► (Philosophically, how important is the play-action game to your offense and how well are you executing it right now?)

Well, philosophically I've always felt that you have two types, two categories in the way you throw the football, and 50 percent of it is action passing game and the other 50 percent is dropback. Now, that doesn't mean you go out and throw 20 passes and it's 10-10 each week. But when you install an offense, you have to have the ability to drop back and throw the football, but you also have to have the ability to have action that fits to your running game. So it's very important. These defenses in today's game are not as standard as they were 10, 15 years ago. Defenses today will overload you, whether it's based on if you're running the ball, they'll overload your formation, they'll overload you based on your protection. Defensive schemes in my opinion today are so much more aggressive, so you have to make sure that all your categories of your offensive concepts are clicking, and that's no different with play-action. Play-action is very important. But running the football is important. The attempts in the running game in my opinion is the most important, and you need to tie in another statistic of third down. Third-down conversions, which a lot of time leads to more running attempts. I think all those things are tied together.

► (The last couple of weeks as you have been able to run the ball more frequently, you feel like the play-action game has been more effective?)

When we're running the football the way we've done it the last two weeks, and I'm talking clearly about attempts – I'd like to see our productivity improve in our run game – but when our attempts are where they have been the last couple weeks, that's the vision of the offense. The vision of the offense is not to go out and line up with five wide receivers for 35 snaps. That's not what we're trying to do here. I think sometimes that's what people try to say that's what we're trying to do here. I think the quarterbacks and receivers like to do that. But this is not a game of seven-on-seven. It's a game that starts at the line of scrimmage, and it's important to the success of the quarterback, which the system is ultimately built around, making him successful, that you need to run the ball.

► (What is the biggest difference with Kuhn the last couple of weeks? Someone mentioned before that maybe his reps needed to be cut down.)

I think he's played his best football the last two weeks. You talk about game balls for the game, John Kuhn, he'll have a game ball for special teams and he'll also have a game ball on offense. I don't think we've had that in my time here. John's playing at a very high level. It's nothing to do with his reps. I think he's making the push like everybody else on our football team. He's one of our leaders. He's a tough guy and well-respected in the locker room, and he's really stepped to the forefront.

► (Where have you seen the improvement on third down?)

Well, third down, the first thing you need to look at is the categories that you're operating in. Probably No. 1, more favorable down and distances on third down. Third down usually starts with protection. I think we've been protecting the quarterback very well. I think Aaron has been play-

ing at a very high level. Our third-down production, particularly early in the season, we had a number of interceptions and just didn't start the season the way we would have liked on third down. But since then I think we've really picked it up. It's a combination of those things.

► (Can you talk about how the defense responded to the two quick touchdowns by the Giants?)

We had a series of plays there with the first one, and then we come right back there, it's 14-7 and take the drive right down the field, we had the fumble in the red zone, and they came back and took a shot with the go route over Tramon. I think that's healthy for you. It's healthy to stand here Monday morning after you had a significant win, you feel it's healthy. But that's the way football games go. (It's) more important how the sideline reacts in those types of situations, and no one blinked. We talked about just stay the course, pick each other up. We're going to hit some bumps in the road here, we're going to hit some red lights in the course of this game. Just keep playing, and I thought our guys did a great job of it.

► (What did you learn from the first Bears game that you can take into this one?)

Penalties. I just watched it before I came in here and it made me sick, just to watch that game again and to feel that you came away on the short end of it. Clearly the penalties was the biggest factor in the outcome of the game, and there is no way around it. Whether you agree with how many penalties were called or so forth. We had a touchdown taken off the board, we had interceptions taken back, so penalties really affected us in that game. Since then we have been very disciplined. We emphasize it every week and it's important for us to be the most disciplined team when we play here Sunday at 3:15.

► (When you look at Devin Hester and their return scheme, is that tough to simulate in practice?)

Devin Hester, I think he is a special player. Frankly he may be the best player on their football team. Every time he touches the ball, he is a threat to score and that's the way you need to approach it when you game-plan for him. He is dynamic and I think he is playing as well as he ever has in his time there. I know he was banged up last year, but he is playing very well.

► (How much more comfortable are you with Masthay now compared to Week 3?)

I think it's obvious. I think Tim has improved throughout the season. He has an opportunity to break the net-punt record here in Green Bay. I think that in itself says a lot about a young man that is punting in this climate, this stadium for the first time. He has definitely improved. I thought the punt that he hit there yesterday in the third or fourth quarter that changed the field position was a big key for us because it was still I think a one-score game at the time. I think he is doing very well, but more important he is improving.

► (When you play a team that plays Cover-2, what do you have to do on offense?)

It's not that simple. If they play Cover-2, you run the ball. If it was as easy as that this game would be a lot easier. When they play Cover-2 they have things built into their line for the run game. It really comes down to fundamentals. They do a very good job of playing defense on time. Their line and the way they are coached, the line rush is tied into the coverage. They are a veteran defense. Just watching them like I said before I came down here, they have been playing with the same group all year. So they are playing with a lot of continuity and they are playing with a lot of confidence. They are flying around. They play with excellent vision to the football. Cover-2 is the starting point of that. All of the eyes are on the ball and that leads to how many takeaways they have. And they have been doing it a long time. They have a really good understanding. It is important for you to be smart during the course of the game. You may get them once or twice on a concept, but the recognition of what you are doing is very good. They have got veteran players and they are all on the same page.

► (Are you glad the game wasn't moved to Sunday night?)

Night games, I understand what they are for. Frankly I didn't want to play in the night game for our fans. A night game here, I think it's a little different than a night game down in New Orleans or Tampa Bay. I think 3:15 is fine. I'm more concerned about our fans, so I'm glad we didn't get moved into the night game.

► (I understand you have to get the 10th win, but does the possibility that you could play Chicago the next week again enter into your thought process or is it a different situation from last year?)

I think it is totally different. I think it is a totally different situation. We could play doubleheaders any week based on how much scheme we take into a game. If we need to play Chicago, we could just fly right now to Chicago and play them Sunday night too if we had to. We're not holding anything back.

PACKERS TEAM NOTES

PROTECTION THE KEY

The Packers have cut down on the number of sacks they have allowed this season, and the effect that has had on QB **Aaron Rodgers'** production has been evident.

- ▶ Over his past 17 regular-season starts, Rodgers has been sacked either once or not at all in eight of those contests, including the Week 12 contest at Atlanta when the line allowed just one sack.
- ▶ In his three seasons as the starting quarterback, there have been 16 games where the line has given up either one sack or no sacks of Rodgers. The Packers have a 12-4 (.750) mark in those contests.
- ▶ Rodgers has been very efficient in those games, completing 372-of-530 passes (70.2 percent) for 4,390 yards and 32 TDs with just seven INTs for a 109.7 passer rating.
- ▶ There have been three games this season where the line hasn't given up a single sack of Rodgers.
- ▶ Prior to Rodgers being sacked in the second quarter vs. Detroit in Week 4, the offensive line had not allowed a sack in 11 straight quarters, the longest streak for the team since 2007.
- ▶ The Packers have allowed 36 sacks this season, which is tied for No. 21 in the NFL, but it is a marked improvement from 2009 when they gave up 50 sacks of Rodgers on the season, 41 in the first nine contests.
- ▶ This past Sunday, the line limited a Giants defense that entered the game ranked No. 2 in the NFL with 42 sacks to just two sacks of Rodgers.
- ▶ When Rodgers has been sacked four or more times in a game during his career, the Packers are 5-9 (.357).
- ▶ Injuries and performance issues affected the offensive line in the first half of 2009. Once the line regained some continuity down the stretch, it allowed just 10 sacks of Rodgers over the final seven games.
- ▶ Green Bay has had stability along the line in 2010, with four linemen, LT **Chad Clifton**, LG **Daryn Colledge**, C **Scott Wells**, and RG **Josh Sitton** starting every game, and rookie RT **Bryan Bulaga** opening the last 11 at RT with veteran **Mark Tauscher** sidelined due to injury. Tauscher was placed on injured reserve (shoulder) on Nov. 12.

- ▶ The Packers' rushing average of 9.2 yards per carry against the Redskins was the best single-game performance (min. 15 attempts) in a regular-season game in team history.
- ▶ **John Kuhn**, primarily at fullback during his first three seasons in Green Bay, has been given more opportunities to carry the ball at RB. Against Detroit in Week 4, Kuhn posted 34 of his 39 rushing yards on the final series, as the Packers ran out the final 6:32 in the 28-26 win. He has a career-best 281 rushing yards and four rushing TDs on 80 carries (3.5 avg.) this season. Entering this season, Kuhn had 46 rushing yards on 18 carries in four NFL seasons.
- ▶ Kuhn recorded career highs in both carries (13) and rushing yards (50) against the Cowboys in Week 9, highlighted by a 17-yard run in the second quarter to convert a third down.
- ▶ Rookie RB **Dimitri Nance** saw the most significant action of his career at Minnesota in Week 11, posting 37 yards on 12 carries (3.1 avg.), and he has 95 yards on 36 attempts for the season (2.6 avg.).
- ▶ Fellow rookie RB **James Starks** made his NFL debut in Week 13, registering 73 yards on 18 carries (4.1 avg.) vs. San Francisco.
- ▶ The Packers have posted 41 runs of 10-plus yards this season, which ranks No. 20 in the league. Last season Green Bay finished No. 23 in the NFL with 42 runs of 10 yards or more.

SPREADING IT AROUND

With back-to-back 1,200-yard rusher **Ryan Grant** lost for the season after sustaining an ankle injury in Week 1 at Philadelphia, the Packers have turned to several backs to help carry the load for the offense.

- ▶ **Brandon Jackson**, who excelled in his role as a third-down back in 2009, leads the team with a career-high 684 rushing yards on 183 carries this season (3.7 avg.). He also has posted a career-high 1,010 yards from scrimmage.
- ▶ Jackson posted 99 yards on 22 carries at New England in Week 15, his second-highest yardage total of the season.
- ▶ He recorded a career-high 115 yards on 10 carries (11.5 avg.) at Washington in Week 5, highlighted by a career-long 71-yard run on his first carry of the game.
- ▶ Jackson also has 41 receptions for 326 yards (8.0 avg.) this season, career highs in both categories, including a career-best 37-yard pickup on a screen against the 49ers in Week 13. His 41 catches are the most by a Green Bay running back since Ahman Green posted 46 receptions in 2006.
- ▶ Jackson is the first Packers RB since Green in 2006 to register 600 rushing yards and 300 receiving yards in the same season.
- ▶ Against Dallas in Week 9, Jackson posted a rushing TD and a receiving TD, only the second time in his career that he scored on both in a game (vs. Seattle, Dec. 27, 2009).
- ▶ The Packers rushed for 157 yards as a team at Washington in Week 5 on just 17 carries (9.2 avg.). It was the first time in team history that the Packers rushed for 150 yards in a regular-season game on fewer than 20 carries.

PACKERS TEAM NOTES

ON THE ROAD AGAIN

Green Bay finished 3-5 on the road this season, but in Head Coach **Mike McCarthy's** five seasons in Green Bay, the Packers have finished above .500 away from home in three of those years.

- ▶ The Packers have been able to stay above the .500 mark on the road during McCarthy's tenure, a notable achievement in the National Football League.
- ▶ Green Bay got off to a good start this year with a win at Philadelphia in the season opener. It was the fifth straight season under McCarthy that the Packers have won their first road game of the year.
- ▶ Since 2006, McCarthy's first season as the head coach in Green Bay, only 12 of 32 NFL teams have regular-season road records over .500.

292 AND COUNTING

Another packed house at Lambeau Field against the Giants in Week 16 brought the stadium's consecutive sellouts streak to 292 games (276 regular season, 16 playoffs).

- ▶ The Week 7 crowd of 71,107 vs. Minnesota was the third-largest regular-season crowd in Lambeau Field history.
- ▶ The league's longest-tenured stadium, Lambeau Field is hosting its 54th season of football this year. A total of 565,666 fans made their way through the turnstiles in the eight home contests in 2009.
- ▶ Across American professional sports, only Boston's Fenway Park (1912) and Chicago's Wrigley Field (1914) have longer tenures.

THE LAMBEAU ADVANTAGE

The crown jewel of the National Football League, Lambeau Field has long been known as one of the tougher venues to play in, particularly during the harsh Wisconsin winter.

- ▶ Re-establishing home-field advantage after a 4-4 mark in 2008 was one of the goals of 2009, and with the Packers finishing 6-2 at home, they accomplished that goal.
- ▶ Head Coach **Mike McCarthy** stated consistently upon his arrival in Green Bay that one of the team's goals would be to reclaim the mystique of playing at Lambeau Field. Mission accomplished. The team is 25-8 (.758) over the past 33 regular-season games, the best regular-season home mark in the NFC over that span.
- ▶ Since **Ron Wolf** and **Mike Holmgren** began the revitalization of the franchise in 1992, Green Bay owns the best home record in the NFL. A look at the top regular-season home W-L records since the '92 season:

Team	W-L record	Pct.

HOME COOKING

The Packers' win over Dallas at Lambeau last November was the first step to a 7-1 finish and a playoff berth for Green Bay.

- ▶ Since that Week 10 victory over the Cowboys last year, the Packers have been one of the best teams in the league at home. Green Bay's lone defeat since then came to Miami this season in Week 6 when the Packers fell to the Dolphins in overtime.

IN THE FREE-AGENCY ERA

Talk of unrestricted free agency in the early '90s led many to forecast tough times for the small-town Green Bay Packers.

- ▶ However, Green Bay has remained among the most successful teams since the advent of free agency in 1993. The Packers have won 10 or more games 10 times since '93 and captured seven division crowns.
- ▶ A look at the most successful teams in the free-agency era:

PACKERS TEAM NOTES

JENNINGS FLASHES HOT HANDS

After getting off to a slower start this season, **Greg Jennings** has been one of the most productive receivers in the NFL over the past 10 games.

- ▶ Since he posted 14 receptions for 183 yards (13.0 avg.) and three TDs in the opening five contests, Jennings ranks No. 1 in the NFL with 985 yards on 58 receptions (17.0 avg.) since Week 6.
- ▶ Starting with the game against Miami, Jennings has averaged 98.5 yards per contest, **No. 1 in the NFL** over that span.
- ▶ Jennings ranks tied for No. 2 in the NFL this season with 12 TD receptions, which matches his career high set in 2007. He checks in at No. 5 in the league with 1,168 receiving yards.
- ▶ On Sunday against the Giants, Jennings recorded 142 yards on seven receptions (20.3 avg.), his fourth 100-yard game in his last six contests.
- ▶ He registered 122 yards on six receptions, including a 57-yard TD catch vs. the 49ers in Week 13. It was his third straight 100-yard game, only the second time in his career (Weeks 2-4, 2008) he has accomplished that feat.
- ▶ Jennings registered a career-high three TD receptions in Green Bay's 31-3 win at Minnesota in Week 11, becoming the first Packer since WR Javon Walker (Sept. 26, 2004) to record three TD catches in a game.
- ▶ He caught seven passes for 152 yards in the game, with the yardage total the second-best single-game mark of his five-year career behind only a 167-yard outing at Detroit on Sept. 14, 2008. The performance in Week 11 earned him NFC Offensive Player of the Week honors for the first time in his career.
- ▶ Jennings became just the third Packer in team history to post seven catches/150 yards receiving/three receiving TDs in the same game, joining Walker (Sept. 26, 2004) and WR Antonio Freeman (Dec. 20, 1998).
- ▶ He is one of only two NFL players this season (Tennessee's Kenny Britt, Oct. 24) to post seven catches/150 receiving yards/three TD catches in a game.
- ▶ The Minnesota game in Week 11 was Jennings' fifth straight with six or more receptions as he became the first Packer since WR Sterling Sharpe in 1993 to post six or more catches in five straight games.
- ▶ With his 1-yard TD catch at New England in Week 15, Jennings became just the fourth player in team history (Sharpe, Freeman, Billy Howton) to catch at least 12 TD passes in a season twice in a Packers uniform.
- ▶ Jennings' 86-yard score against Miami in Week 6 marked a career long for both him and QB **Aaron Rodgers**, and it was the longest reception by a Green Bay player since WR Robert Brooks hauled in a 99-yard TD from QB Brett Favre at Chicago on Sept. 11, 1995, on *Monday Night Football*. WR **Donald Driver** had a 90-yard TD grab in the 2007 NFC Championship Game on Jan. 20, 2008.
- ▶ Jennings' 86-yard reception was the longest play from scrimmage by a Packer since RB Ahman Green's 90-yard TD run vs. Dallas on Oct. 24, 2004.
- ▶ It was the fourth 80-yard reception of Jennings' career, moving him into the No. 1 spot in the franchise record books ahead of teammate **Donald Driver** (3). Jennings and Buffalo WR Lee Evans are tied for the NFL lead in 80-yard catches in a career among active NFL players.
- ▶ Among NFL players with 60-plus receptions this season, Jennings ranks No. 3 in the NFL in receiving average at 16.2 yards per catch, trailing only Denver's Brandon Lloyd (19.1) and Kansas City's Dwayne Bowe (16.3).
- ▶ When it comes to scoring passes, Jennings has an eye-popping average during his career. Of his 40 career touchdown catches, 16 (40.0 percent) have been at least 40 yards in length. He has a staggering average of 31.5 yards per TD catch, which ranks No. 2 among current players with at least 20 career touchdown catches.

TRAMON'S TALENTS

CB **Tramon Williams** etched his name into the team's record books with a pair of big plays in Week 5 at Washington, and he has delivered impactful performances throughout the season.

- ▶ With a 52-yard punt return in the second quarter and a 64-yard interception return in the fourth quarter, Williams became the first player in franchise history to post a 50-yard punt return and a 60-yard interception return in the same game.
- ▶ Showing just how rare the feat is, no player in team annals has ever posted both of those returns in the same season.
- ▶ Williams became just the third NFL player since the AFL-NFL merger in 1970 to accomplish the feat in a game, joining Dallas' Deion Sanders (Sept. 21, 1998) and the late Darrent Williams of the Denver Broncos (Nov. 13, 2005).
- ▶ Explosive plays are nothing new to the fourth-year CB who went undrafted out of Louisiana Tech in 2006. Williams recorded a 94-yard punt return for a score vs. Carolina on Nov. 18, 2007, as well as a 67-yard kickoff return vs. Chicago that season (Oct. 7). Last season, he posted his career-long INT return with a 67-yarder vs. Chicago (Sept. 13).
- ▶ Williams is only the third NFL player whose career began since the 1970 merger to post a 90-yard punt return and interception and kickoff returns of 65 yards in a career, joining Adam Jones and Lemar Parrish.
- ▶ Williams posted his sixth interception of the season this past Sunday against the Giants, which topped his previous career high of five set in 2008. He leads the Packers with 21 passes defended, one shy of his career high (22 in 2009).
- ▶ All of Williams' interceptions have come in the last 11 games, and his six interceptions since Week 5 rank **tied for No. 1 in the NFL**.
- ▶ Williams has now posted four or more interceptions in each of the past three seasons. He is the only undrafted player in the NFL to accomplish that feat each of the last three seasons (2008-10).
- ▶ At the N.Y. Jets in Week 8, Williams recorded an interception, a forced fumble and a fumble recovery, the first time in his career he posted all three in the same game. It was the second straight season a Green Bay CB had accomplished that feat, with **Charles Woodson** registering all three last season at Detroit in Week 12.

PACKERS TEAM NOTES

THE INTERCEPTORS

Leading the way when it comes to takeaways the past few seasons for Green Bay has been the defensive-back tandem of CB **Charles Woodson** and S **Nick Collins**.

- ▶ Woodson is tied for No. 2 among all NFL players since 2008 with 18 interceptions behind only Eagles CB Asante Samuel (20), with Collins tied for the No. 4 position with 16 over that span.
- ▶ Collins ranks No. 2 among all NFL players (Baltimore S Ed Reed, 510) with 415 interception return yards since '08, and Woodson inched closer with his 48-yard INT return for a TD vs. Detroit in Week 4. He sits in the No. 3 spot in the league, checking in with 396 INT return yards over the past three seasons.
- ▶ Collins has some work to do if he hopes to keep up with Woodson's pace of return TDs. Woodson leads the league since 2008 with six INT returns for touchdowns, with Collins tied for the No. 3 spot with three scores.
- ▶ The Packers rank No. 3 in the NFL with 22 interceptions this season, and Green Bay is tied for No. 9 in the league with five INT returns of 20-plus yards.
- ▶ Woodson and Collins have helped put the Packers at the top of the leaderboard in all three interception categories since 2008:

<u>Team</u>	<u>Interceptions</u>
1. Green Bay	74
2. Baltimore	65
3. Philadelphia	63

<u>Team</u>	<u>INT return yardage</u>
1. Green Bay	1,456
2. Arizona	1,083
3. Baltimore	1,064

<u>Team</u>	<u>Interception TDs</u>
1. Green Bay	12
2. Baltimore	10
3t. Tampa Bay, Tennessee	8

<u>Team</u>	<u>INT return average</u>
1. Arizona	21.2
2. New Orleans	20.7
3. Kansas City	20.5
4. Green Bay	19.7

YOUTH IS SERVED

Whenever injuries occur, it is a chance for other players on the roster to show what they are capable of in an expanded role. For Green Bay this season, many of those opportunities have gone to younger players.

- ▶ Six Green Bay rookies have started a game in 2010, the most since the Packers had that many rookies start at least one game in 2007.
- ▶ T **Bryan Bulaga**, the team's first-round pick out of Iowa who worked at LT and LG all preseason, has started each of the past 11 games at RT in place of injured veteran **Mark Tauscher**, who was placed on IR.
- ▶ LB **Frank Zombo**, a non-drafted free agent from Central Michigan, has played in every game but two with eight starts. He is tied for No. 5 on the team and leads all Green Bay rookies with 67 tackles (44 solo) and a forced fumble.
- ▶ TE **Andrew Quarless** started his first career game vs. Detroit in Week 4 and has factored more prominently in the offense with starting TE **Jermichael Finley** (knee) lost for the season. Quarless' 62 yards receiving in Week 14 at Detroit were the most by a Packers rookie TE since Ron Kramer recorded 68 yards at Detroit on Nov. 27, 1958. Quarless has 233 receiving yards on 20 catches (11.7 avg.) this season.
- ▶ RB **James Starks** made his pro debut vs. the 49ers in Week 13 after spending the first nine games of the season on the PUP list with a hamstring injury, and rushed for 73 yards on 18 carries (4.1 avg.). That yardage total was the most by a rookie Packers RB in his first game since Ralph Earhart posted 78 yards in his debut at Boston on Sept. 17, 1948.
- ▶ DE **C.J. Wilson**, a seventh-round selection from East Carolina, started for the first time in his career in Week 6 vs. Miami in place of an injured **Ryan Pickett**, and posted four tackles. He has seen some time over the past 10 games, recording 21 tackles (12 solo) on the season. Wilson registered his first career sack in Week 9 against Dallas, bringing down

- ▶ QB Jon Kitna on the final play of the game.
- ▶ S **Morgan Burnett**, a third-round pick out of Georgia Tech, became only the second Packers rookie safety to start on opening day since 1988. He opened the first four games, posting 15 tackles and an interception, before sustaining a season-ending knee injury in Week 4.
- ▶ Burnett was joined in the starting lineup in Week 1 by nickel CB **Sam Shields**, a non-drafted rookie out of Miami. It was the first time since the 1970 merger that the Packers started two rookie DBs on opening day. Shields has 27 tackles, eight passes defended and two interceptions in 13 games played with five starts as the Packers' nickel corner. His two INTs are the most by a Packers rookie since S Aaron Rouse had 2 in 2007.

STILL GETTING THE JOB DONE

In 2009, CB **Charles Woodson** enjoyed the finest season of his career, his first year in the 3-4 scheme, and has continued his impactful ways in 2010.

- ▶ Woodson ranks fourth on the team with two interceptions this season and has been productive again in tackles as he ranks No. 3 on the team with 97 stops (74 solo). That tops his previous career best of 81 tackles last season.
- ▶ Woodson leads the Packers with a career-high five forced fumbles this season, his second straight season with four-plus. He is the only defensive back in the NFL to register four forced fumbles each of the past two seasons.
- ▶ Woodson is the only Packers defensive back since 1994 to record four forced fumbles in a season, and he has done it twice. His five forced fumbles this season are the most by a Packer defender since LB/DE Keith McKenzie posted five in 1999.
- ▶ Woodson achieved the highest individual honor bestowed upon a defensive player, taking home *The Associated Press* Defensive Player of the Year award last season. He also was named an AP first-team All-Pro.
- ▶ His 48-yard interception return for a touchdown in the third quarter against Detroit this season in Week 4 was his eighth career with the Packers, which set a franchise record. He had been tied with Hall of Fame CB Herb Adderley (seven, 1961-69) for the team mark.
- ▶ It was also Woodson's ninth defensive TD (eight INTs, one fumble return) in a Green Bay uniform, which further extended his franchise record.
- ▶ The touchdown gave Woodson 10 interception returns for touchdowns in his career (two with Oakland), which moved him up in the NFL record books as he became just the third player in league history to post 10 career interception returns for touchdowns. He now trails only Rod Woodson (12) and Darren Sharper (11).
- ▶ Woodson has returned an INT for a touchdown in five straight seasons, all five of his years in Green Bay (2006-10), becoming the first player in NFL history to do so in five consecutive seasons.
- ▶ The score in Week 4 was also the third straight year that Woodson has returned an INT for a TD against Detroit. He is the first player in NFL history to return an interception for a TD in three consecutive seasons against the same team.
- ▶ In 2009, Woodson became the fourth player in NFL history since sacks became an official statistic to record at least nine interceptions and two sacks in a single season. Woodson also led the Packers with four forced fumbles.
- ▶ His four forced fumbles ranked tied for second among NFL defensive backs in 2009, and his six sacks since 2008 rank tied for No. 2 among NFL defensive backs.
- ▶ There's no doubt Woodson's career has undergone a revitalization since coming to Green Bay. He now has 47 career interceptions, which is tied for third among active NFL players. Of his interceptions, 30 have come in 77 games with Green Bay. In 106 games with the Raiders, he had 17.
- ▶ A look at where Woodson ranks among NFL players in interceptions since 2008:

<u>Player</u>	<u>Interceptions</u>
1. Asante Samuel, PHI	20
2t. Charles Woodson, GB	18
2t. Ed Reed, BAL	18

<u>Player</u>	<u>Interception TDs</u>
1. Charles Woodson, GB	6
2t. Jabari Greer, NO	4
2t. Josh Wilson, BAL	4

PACKERS TEAM NOTES

BISHOP AND HAWK MAKING PRESENCE FELT

With injuries to MLB **Nick Barnett** and nickel LB **Brandon Chillar**, BLB **A.J. Hawk** and MLB **Desmond Bishop** have stepped into the role of every-down linebackers, and they have taken advantage of their opportunities.

- ▶ Hawk leads the team with 121 tackles (86 solo) through 15 games, including five double-digit tackle games, and is tied for the lead among Packers linebackers with eight passes defended.
- ▶ His 29 combined tackles in Weeks 6-7 rank second in Hawk's career for the most tackles over a two-game span, trailing only a combined 33 tackles during his rookie campaign of 2006 (Weeks 12-13).
- ▶ Hawk is also tied for second on the team with a career-high three interceptions. With the three INTs, Hawk ranks **tied for No. 1** among NFL linebackers in that category this season.
- ▶ He is the only linebacker in the league to intercept two passes in each of the past two seasons, and Hawk's five interceptions since Week 13 of 2009 lead all NFL linebackers over that span.
- ▶ Hawk has been one of the most reliable Packers defenders since coming to Green Bay in the 2006 NFL Draft. He hasn't missed a game in his career, playing in all 79 contests with 76 starts. The only non-starts came in both Minnesota games in 2009 and the 2010 opener at Philadelphia when the team opened in nickel.
- ▶ Prior to this season, most of Bishop's playing time came on special teams, a role he excelled in from 2007-09 as he led the team over that span with 49 tackles.
- ▶ Ever since Barnett went down with a season-ending wrist injury in Week 4 vs. Detroit, Bishop has moved into the starting lineup and made an impact.
- ▶ In 11 starts, Bishop has registered 112 tackles, dwarfing his previous season-high total of 27 tackles in 2008. His 113 tackles on the season (78 solo) rank No. 2 on the team, and he is tied for the lead among Green Bay's LBs with a career-best eight passes defended. Bishop has also posted a career-high three sacks and a team-high six double-digit tackle games.
- ▶ In the Week 7 win vs. Minnesota, Bishop made one of the game's key plays when he picked off QB Brett Favre in the third quarter and returned the interception 32 yards for a touchdown. It was the first INT and TD of the fourth-year linebacker's career, and the first INT return for a TD by a Packers LB since Barnett posted a 95-yarder vs. New Orleans on Oct. 9, 2005.
- ▶ With Hawk adding an INT of his own against the Vikings, the duo became the first Packers LB tandem to each post an INT in the same game since Barnett and **Brady Poppinga** posted picks at Miami on Oct. 22, 2006.

BALANCED PASSING ATTACK FOR PACK

The Packers pride themselves on having one of the deeper wide-receiver corps in the NFL, and that has been on display again this season.

- ▶ With WR **Jordy Nelson** posting his 40th catch of the season in the Week 16 win over the N.Y. Giants, the Packers now have four wide receivers (**Greg Jennings**, **Donald Driver** and **James Jones**) with 40-plus catches on the season.
- ▶ It is the **first time in franchise history** that the Packers have boasted four wide receivers with 40 catches each in the same season.
- ▶ Jennings, Jones and Nelson each posted five receptions against the Falcons in Week 12, the first time three Packers WRs each registered five receptions in the same game since Driver, Jones and Jennings did so at Detroit on Nov. 22, 2007.
- ▶ With Jennings (119), Nelson (61), Jones (44) and No. 5 wideout **Brett Swain** (40) all hitting the 40-yard mark at Atlanta, it was the first time since 2004 that the Packers had four 40-yard receivers in a game. Driver

- was a part of that foursome, joining Antonio Chatman, Robert Ferguson and Javon Walker in the game against Jacksonville on Dec. 19, 2004.
- ▶ Jennings leads the team with 72 receptions with Jones (49) and Driver (46) coming in next. Nelson has a career-high 43 receptions for 543 yards, while RB **Brandon Jackson** has 41 catches.
- ▶ The last time the Packers had five players, regardless of position, with at least 40 catches in the same season was 1980 (WRs James Lofton and Aundra Thompson, RB Eddie Lee Ivery, FB Gerry Ellis and TE Paul Coffman).

CLIFFY GETS TO 150

When T **Chad Clifton** lined up as the starting left tackle in Week 7 vs. Minnesota, he became just the 19th player in Packers history to appear in 150 career games in a Green Bay uniform.

- ▶ Clifton is only the sixth offensive lineman in franchise annals to hit the 150-game mark, joining Forrest Gregg (187), Larry McCarren (162), Ron Hallstrom (162), Ken Ruettggers (156) and Frank Winters (156).
- ▶ By appearing in the game at New England in Week 15, Clifton moved into sole possession of the No. 4 spot among offensive linemen by playing in his 157th career game.
- ▶ Against the division-rival Vikings in Week 7, Clifton posted one of his finer performances in recent memory, limiting Pro Bowl DE Jared Allen to just one tackle and no sacks.
- ▶ In Week 9, Clifton was matched up for much of the evening with Pro Bowl LB DeMarcus Ware, who came into the game tied for No. 2 in the league with eight sacks. Clifton limited him to just two tackles and no sacks as the line allowed just one sack of Rodgers on the night.
- ▶ This past Sunday against the Giants, Clifton limited DE Osi Umenyiora to just one assisted tackle. Umenyiora came into the game with 10 sacks on the season.

COOL UNDER FIRE

QB **Aaron Rodgers** was one of the most effective passers in the league in 2009 against the blitz, and that strong play has continued this season.

- ▶ According to STATS, Rodgers ranks No. 1 in the league this season (min. 100 attempts) with a 109.5 passer rating against the blitz through Week 15 (the stat is updated on Wednesdays), completing 95-of-141 attempts (67.4 percent) for 1,256 yards and 11 touchdowns with four interceptions.
- ▶ Last season, Rodgers ranked No. 2 in the NFL with a 112.7 rating, just a shade below Saints QB Drew Brees' 112.9 mark. Rodgers threw for 1,699 yards and 11 TDs with three INTs on 125-of-180 passing (69.4 percent).
- ▶ Over the past two seasons, Rodgers ranks No. 1 in the league (min. 200 attempts) with a 111.3 passer rating vs. the blitz.
- ▶ That is a marked improvement over Rodgers' numbers as a first-year starter in 2008 when he posted an 85.0 rating against the blitz.

500 CLUB

With nine points on Sunday against the Giants, K **Mason Crosby** went over the 500-point mark for his career.

- ▶ By hitting that mark in his 63rd career game, he became the second fastest to 500 points in franchise history behind only RB Paul Hornung (60 games).
- ▶ Crosby also went over the 100-point mark for the season on Sunday, his fourth straight season with 100-plus points.
- ▶ Heading into the season finale this Sunday against the Bears, Crosby stands at 505 career points. If he is able to post nine points against Chicago, Crosby would set an NFL record for the most points by a player in his first four seasons in the league. New England's Stephen Gostkowski (513 points, 2006-09) holds the current mark.
- ▶ Crosby posted 397 points from 2007-09, an NFL record for the most by a player in his first three seasons.

PACKERS TEAM NOTES

TIGHTENING UP

Green Bay's defense has been at its best this season when it has been placed in adverse situations and forced to respond.

- ▶ The Packers have turned the ball over 20 times this season, but the defense has shown significant improvement from last season in not allowing those giveaways to be converted into touchdowns.
- ▶ Opponents have scored just 39 points (six field goals, three TDs) following the 20 takeaways this season, an average of 1.95 points per giveaway. That average ranks No. 5 in the NFL, and the Packers have allowed only three TDs off of giveaways (tied for No. 3 in the NFL).
- ▶ Green Bay had not given up a touchdown all season until the Falcons drove for a score following QB **Aaron Rodgers'** fumble in Week 12 at Atlanta.
- ▶ The defense didn't get a chance to keep the Patriots out of the end zone after QB **Matt Flynn's** third-quarter interception this past Sunday, as CB Kyle Arrington returned it 36 yards for a touchdown.
- ▶ According to STATS, the Packers' best average on points off of giveaways since 1995 was 1.70 in 2000. Green Bay allowed five TDs after giveaways that season.
- ▶ Although the Packers led the league in 2009 with 16 giveaways, a franchise record for fewest in a season, opponents were able to convert those turnovers into 70 points. That average of 4.38 points allowed per giveaway was the highest in the NFL.
- ▶ Another aspect of the defense that the Packers have made strides in this season is limiting opponents when they get inside the 20-yard line, an area of emphasis this season after some struggles in 2009.
- ▶ In 2009, the Packers ranked No. 28 in the league in red-zone defense, allowing opponents to score touchdowns on 60.9 percent of trips inside the 20. Green Bay gave up an average of 4.72 points per red-zone trip by its opponents, which ranked No. 21 in the league.
- ▶ Through Week 16, the Packers rank No. 15 in the NFL in red-zone defense, allowing their opponents to get into the end zone 51.7 percent of the time (15 TDs on 29 opportunities).
- ▶ Green Bay is giving up an average of 4.66 points per opponent red-zone trip, which ranks No. 16 in the NFL.
- ▶ The best red-zone performance by the defense during Head Coach **Mike McCarthy's** tenure came in 2007, when the Packers ranked No. 8 in the league by allowing opponents to score a TD on 48.8 percent of trips inside the 20.

MAKING PLAYS ANOTHER WAY

While QB **Aaron Rodgers** has continued to rank among the league's top passers again in 2010, another aspect of his game has been on display this season.

- ▶ Rodgers ranks No. 3 among NFL QBs this season despite missing one game with a career-high 335 rushing yards on 57 attempts (5.9 avg.), trailing only Philadelphia's Michael Vick (613) and Tampa Bay's Josh Freeman (353).
- ▶ Rodgers ranks No. 2 among QBs in 10-yard runs (16) and is No. 4 in rushing TDs (four).
- ▶ He has picked up 100 yards on 14 third-down carries this season (7.1 avg.), with six of them going for first downs (42.9 percent).
- ▶ Rodgers went over the 300-yard mark for the season in the Week 14 contest at Detroit to become the first Packers quarterback since Tobin Rote (1954-56) to record back-to-back 300-yard rushing seasons.
- ▶ Rodgers posted his fourth rushing TD of the season at Atlanta in Week 12, making him just the second QB in franchise annals to record four-plus rushing TDs in three straight seasons (Rote, 1954-56).
- ▶ His 51 rushing yards on 12 carries against the Falcons in Week 12 was just a yard shy of his career high, a 52-yard outing vs. Minnesota last

season (Nov. 1, 2009). He is one of only five quarterbacks to post 50 rushing yards in a game this season.

- ▶ Rodgers is the first NFL quarterback to post four-plus rushing TDs in three consecutive seasons since Minnesota's Daunte Culpepper (2000-03) posted that number in four straight seasons.
- ▶ Since 2009, Rodgers ranks No. 2 among QBs in rushing yards (651), No. 2 in rushing TDs (nine), and No. 1 in 10-yard runs (30).
- ▶ Of his 115 rushing attempts since 2009, more than a quarter (30) have been for 10 or more yards. He has posted a 10-yard run in 11 of 14 starts this season, and in 22 of his last 30 contests.
- ▶ In 2009, Rodgers finished second among all NFL quarterbacks (David Garrard, 323) with 316 rushing yards, the most by a Green Bay QB since Don Majkowski posted 358 yards on the ground in 1989.
- ▶ Rodgers also led all NFL signal-callers with five rushing touchdowns in '09, the most by a Packers QB since Majkowski's five in '89.

FINDING A RHYTHM

No quarterback was more efficient than **Aaron Rodgers** on third down last season, and after a slow start in 2010, he has picked up his play in that area.

- ▶ Over his past six games played (sat out Week 15 at England due to a concussion), Rodgers has registered a 137.8 passer rating on third down, No. 1 in the NFL over that span.
- ▶ He has completed 32-of-46 passes (69.6 percent) for 421 yards and six TDs with no INTs.
- ▶ That came on the heels of a 65.7 passer rating for Rodgers on third down in the first eight games, as he connected on just 38-of-73 passes (52.1 percent) for five TDs with five INTs, and an average of 6.22 yards per attempt.
- ▶ Since Week 9, Rodgers has seen his yards per attempt on third down jump up to 9.15, good for No. 3 in the NFL over that span.
- ▶ Rodgers is tied for No. 2 in the NFL behind only Patriots QB Tom Brady (seven) for the most 25-yard passes on third down since Week 9 with six, despite playing in only six games to Brady's eight. Rodgers connected on just two 25-yard passes on third down in the opening eight contests.
- ▶ Last season, Rodgers ranked No. 1 in the NFL in passer rating on third down at 133.5. No other quarterback in the league threw for as many yards (1,710) or touchdowns (14) on third down as Rodgers, and his passer rating was the best in the NFL since Kurt Warner's 137.3 rating in 1999 with St. Louis.
- ▶ Rodgers' favorite target has been WR **Greg Jennings**, who ranks tied for No. 4 in the NFL since Week 9 with 217 receiving yards on nine catches (24.1 avg.) on third down. He is tied for No. 3 in the league over that span with three TD catches on third down.

- ▶ **Coaches' Box:** Dom Capers (defensive coordinator), Jerry Fontenot (asst. offensive line), Scott McCurley (defensive quality control), Curtis Fuller (administrator), Joe Philbin (offensive coordinator), John Rushing (offensive quality control), and Joe Whitt Jr. (secondary - cornerbacks).
- ▶ **Sideline:** Edgar Bennett (running backs), James Campen (offensive line), Tom Clements (quarterbacks), Mike Eayrs (research and development), Chad Morton (special teams asst.), Kevin Greene (outside linebackers), Ben McAdoo (tight ends), Winston Moss (inside linebackers/asst. head coach), Darren Perry (secondary - safeties), Jimmy Robinson (wide receivers), Shawn Slocum (special teams coordinator) and Mike Trgovac (defensive line).

WEEK 16 GAME REVIEW - PACKERS 45, GIANTS 17

PACKERS STAY ALIVE WITH DOMINANT WIN

The Green Bay Packers are very much alive.

- ▶ Playing in a do-or-die game Sunday, the Packers put together perhaps their best performance of the season, dominating the New York Giants 45-17 in front of 70,649 at Lambeau Field.
- ▶ With the win, the Packers improved to 9-6 and stayed in the NFC Wild Card playoff hunt. Green Bay now hosts NFC North champ Chicago next Sunday at 3:15 p.m. CT needing a win to lock up a playoff berth. The Packers could still get in the playoffs even with a loss to the Bears, but they would need the Giants (9-6) to lose to Washington and the Tampa Bay Buccaneers (9-6) to lose to the New Orleans Saints.
- ▶ Rest assured, the Packers don't want to have to ask for help. They control their own destiny, and they'd like to keep it that way.
- ▶ "I love the mindset of this team," Head Coach **Mike McCarthy** said. "These guys step up week in and week out and we've got a big one here in seven days. It can't get here fast enough."
- ▶ The Packers simply overwhelmed the Giants, who last week were half a quarter away from putting themselves in position to win the NFC East and now will need the Packers to lose next week to get in the playoffs.
- ▶ Green Bay put up season highs in various categories, including total yards (515), points (45, tied with Week 9 vs. Dallas), and defensive takeaways (six). The Packers scored 24 points off of those turnovers and stayed in control of the game from late in the second quarter on.
- ▶ "We finally put together four quarters," linebacker **Desmond Bishop** said. "I don't want to sound cocky or anything, but if we can put together four quarters, we can do that to pretty much everybody. That's just the kind of talent and the kind of will we have on this team. Put four together like that, we're dangerous."
- ▶ Especially when the Packers get a tour-de-force performance from quarterback **Aaron Rodgers** like Sunday's.
- ▶ Coming back from a concussion that forced him to miss last week's game, Rodgers posted a regular-season career-high 404 yards passing with four touchdowns, which tied his career high. He was 25-of-37, didn't throw an interception, and earned a QB rating of 139.9, more than twice that counterpart Eli Manning, who threw a season-worst four picks (17-fo-33, 301 yards, 2 TDs, 4 INTs, 63.6 rating).
- ▶ "Man, he's special," receiver **Greg Jennings** said of Rodgers. "He's back. He's definitely back."
- ▶ Rodgers' accuracy was spot-on pretty much the entire game, as he felt he had a "live" arm after sitting out a full week. He completed passes to nine different targets and repeatedly challenged the Giants downfield, connecting on seven passes of longer than 20 yards, including an 80-yard touchdown to wide receiver **Jordy Nelson** in the first quarter that got him going. Both Jennings (seven catches, 142 yards) and Nelson (4-124) went over 100 yards.
- ▶ "It was one of those games where a lot of stuff worked," said Rodgers, who called it without a doubt his best performance. "It feels good to get that when we needed it the most."
- ▶ Rodgers and McCarthy both gave plenty of credit to the offensive line, which came in knowing it was facing probably its stiffest challenge of the year in the Giants' defensive front (42 sacks coming in, second in the league). The Green Bay line cleared the way for 119 yards rushing and allowed just one legitimate sack of Rodgers – a second sack was called when the ball slipped out of Rodgers' hand on a pass, resulting in a fumble behind the line of scrimmage.
- ▶ "We knew this was going to be a battle that started up front and I don't need to see the film to say that we definitely commanded that battle," McCarthy said.

- ▶ "(The offensive linemen) were sick and tired of hearing about how tough the Giants were all week, and they took it personally."
- ▶ Green Bay's 515 yards of offense were the most the Packers have compiled in seven years (548 at Oakland on Dec. 22, 2003). It wasn't a pretty 119 yards on the ground at less than 3 yards a crack minus Rodgers' two scrambles for 26, but it was effective enough to keep the play-action working, with Rodgers using his nimble feet when needed to escape and buy extra time.
- ▶ "We had the one fumble inside the red zone so let's get that out of the way," McCarthy said. "But other than that, I don't know if you can play much better than that on offense."
- ▶ That one fumble was a huge turn of events at the time. Trying to stretch for a first down near the Giants' 15-yard line in the second quarter, Nelson coughed up the ball. On the very next snap, Manning heaved an 85-yard touchdown pass to Mario Manningham that tied the score at 14 and completed New York's early comeback from a 14-0 deficit.
- ▶ The big play was the second for the Giants in less than half a quarter, having scored on a 36-yard TD pass to Hakeem Nicks when cornerback **Charles Woodson** fell down in coverage. But the defense didn't lose focus, forcing two punts and snagging five turnovers on New York's next eight possessions.
- ▶ "Those two plays were kind of flukish," Bishop said. "We just told ourselves stay sound and make them earn it, and when a team has to earn it against us, it's pretty hard to get in the end zone."
- ▶ The Packers regained the lead by half-time with a 79-yard TD drive, capped with an 8-yard run by **John Kuhn**, the first of his three touchdowns in the game.
- ▶ After the two teams traded field goals to start the second half to make it 24-17, the Packers never let the Giants breathe. Rodgers hit **Donald Driver** and Jennings on back-to-back darts for 33 and 36 yards, respectively, and tight end Donald Lee caught a 1-yard TD pass to re-establish the two-touchdown lead.
- ▶ New York's last chance to get back in it came when running back Brandon Jacobs rumbled 21 yards into Green Bay territory late in the third quarter. But linebacker **Clay Matthews**, hustling all the way on the play, punched the ball out from behind, Bishop niftily tapped it to keep it in bounds, and safety **Nick Collins** recovered.
- ▶ That was the Giants' longest run all day, and the longest by either Jacobs or Ahmad Bradshaw longer than 7 yards. New York's 1-2 punch in the backfield combined for just 78 yards on 20 rushes, and the Giants had the ball for just 22 minutes, 59 seconds, a season-low for the team that led the league in time of possession coming in.
- ▶ "Anytime you can hold a combination like that to the amount of yards we held them to, that's a good sign," nose tackle **B.J. Raji** said.
- ▶ "To us, this was definitely a playoff game. We all knew the magnitude of a loss in this game, we knew we needed to win, and we knew we needed to look good doing it from a confidence standpoint to propel us into the game next week.
- ▶ "I knew the type of guys we have in this room. We don't back down. We don't fold."
- ▶ And now they have one more week to get into the postseason and give themselves an opportunity to accomplish what every team sets out to.
- ▶ "Everybody knows what the score is," McCarthy said. "We're at nine wins and we must get to 10 wins to get in the tournament."
- ▶ Added Rodgers: "It's been an up-and-down year. A lot of things have happened both positively and negatively that we might not have expected. But we're going into the last game of the season with a chance to make the playoffs with a win, and that's all we can ask for right now."

DUAL THREAT

Fifth-year RB **John Kuhn** has been given more opportunities this season as a rusher and as a pass-catcher after working at fullback in the past, and over the past two games he has been especially productive.

- ▶ In Green Bay's last two contests, Kuhn has scored four TDs (two rushing, two receiving), the most total touchdowns of any player in the NFL over that two-game span.
- ▶ Kuhn posted one of the finest performances of his career against the Giants this past Sunday, recording a career-best two rushing TDs and a receiving TD on just eight touches from scrimmage in Green Bay's 45-17 victory.
- ▶ The three-TD outing earned Kuhn a game ball, but he wasn't done there. He also earned a game ball for his special-teams efforts as he recorded a career-high four tackles, three on kickoff coverage.
- ▶ Sunday's career day came on the heels of a strong showing at New England the previous week as Kuhn registered 48 yards from scrimmage with 21 rushing yards on six carries and three receptions for 27 yards and a TD.
- ▶ Kuhn has posted career highs this season in every offensive category, registering 281 rushing yards and four TDs on 80 attempts (3.5 avg.) and 90 receiving yards and two TDs on 14 receptions (6.4 avg). He is the only player on the team with at least two rushing TDs and two receiving scores. Of his 80 rushing attempts, 25 have gone for first downs (31.3 percent).
- ▶ He has been effective on third down, picking up 56 yards on 14 carries (4.0 avg.) this season, with 11 of those attempts going for first downs. That 78.6 first-down percentage ranks No. 2 in the NFL (min. 10 attempts) behind only Miami FB Lousaka Polite (11-of-13, 84.6). Kuhn is also 8-of-9 (88.9 percent) on third-and-1.

A STABILIZING FORCE

With injuries along the defensive line this season, NT **B.J. Raji** has been called upon to step up his play and his snap count, and the second-year man has done just that.

- ▶ Raji leads all NFL nose tackles with 6.5 sacks this season, including four in the past four games. That includes a career-high two-sack performance at New England in Week 15.
- ▶ According to STATS, Raji's 6.5 sacks are the most by an NFL nose tackle since Minnesota's Ken Clarke registered seven in 1990.
- ▶ After playing in 14 games with one start as a rookie last season, Raji has been the only Green Bay defensive lineman to open every game in 2010. His career-high 62 tackles (35 solo) lead the line.
- ▶ As a rookie in 2009, Raji saw most of his time at both end spots and as an inside rusher on passing downs. This season he has worked primarily at nose along with his inside-rushing responsibilities in sub packages, and his 10 quarterback hits rank No. 3 on the team.

STEPPING IN AND STEPPING UP

Third-year QB **Matt Flynn** made his first career NFL start in one of the toughest environments in the League in Week 15 in place of an injured **Aaron Rodgers**.

- ▶ Facing the 11-2 New England Patriots, who entered the game with a league-high 15-game winning streak at Gillette Stadium, Flynn completed 24-of-37 passes for 251 yards and three touchdowns with one interception for a 100.2 passer rating in Green Bay's 31-27 loss.
- ▶ According to the Elias Sports Bureau, Flynn's 100.2 passer rating was the **highest by an NFL quarterback** making his first career start against a team with a 10-2 record or better since the 1970 AFL-NFL merger.
- ▶ Flynn also became the first Packers QB to throw three touchdown passes in his first career start since Anthony Dilweg threw for three TDs vs. the Los Angeles Rams on Sept. 9, 1990, at Lambeau Field.
- ▶ Flynn's first touchdown pass of the game, which was also the first of his career, was a 66-yard completion to WR **James Jones** in the second quarter. That is the longest TD pass by an NFL quarterback in his first start since the Eagles' Kevin Kolb threw a 71-yard TD pass last season in Week 2 vs. New Orleans.
- ▶ It was the first time the Packers started a QB other than Rodgers or Brett Favre since Sept. 20, 1992, when Don Majkowski got the opening nod against Cincinnati at Lambeau Field.
